was anyone on the base to attempt to steal, Omaha having four left on base and Des Moines two. Bobby Caruthers was to have handled the indicator, but for some reason he falled to materialize, and two players, Sanders and Morrison, were sent to alternate on judging balls and strikes.

Des Momes made the only runs of the game in the seventh inning, when Rossman drove a hard one through McCloskey and perched on first. Caffyn was soaked in the shoulder by McCloskey and Shugart struck out. Fiske drove one to left field fence, scoring both Rossman and Caffyn.

The Champions got two men on bases in the second inning when, after Dolan had struck out and Henline had been put down from Long to Rossman, Martin walked. Schipke drove a neat single past first and Gonding followed with a dupilcate of it, but Shugart robbed him of the hit by a wonderful play for an old man. Two errors were made in the game. Carter's was made after a hard run for the ball, which came down right against the fence. Fiske missed a pop up foul against

the grandstand. Dolan Starts Some Enthusiasm. There was a little enthusiasm in the ninth after Dolan had made a long single to left field with two men out, and Freese was sent to bat for Henline, but the butcher struck out and the game was over. Thomas will be out of the game for some time, so Dolan is playing first, Theil short and Henline in the field. Henline had three difficult chances and accepted them.

McClockey pitched a magnificent game that should have won from most any team, but the men back of Manske were the luckler as they were able to bunch two of their three hits into one inning and these, with the miscue of McCloskey when he hit Caffyn, was too much and the combination scored the needed tallies. Dolan played a splendid game at the initia sack and the only chance that Buckerino had was a hard drive from Hoggie's bat and he took it like he liked it. Carter and Manske were the stars at the bat, as each struck out as regularly as they faced the pitcher, Carter four times and Manske three, the same teams are booked for this afternoon, which will be the last game until next Saturday. Sloux City is Shut Out.

DENVER, Colo., June 10.—Nick Engle, the Grizzlie's diminutive spit ball artist, took the third straight game of the present series from the Sloux City leaders and made it a shubut for good measure. But three singles, one of them a scratch bunt, were secured from his delivery. Villeman was fairly easy for Denver, ten hits, one a three-bagger, being pounded out. Umpire Burns retired ill in the third and was succeeded by Bohannon of Denver and Wilson of Sloux City, who gave satisfaction. Three Denver runs came in the third. Engle opened with a three-bagger to left. Hartzell walked. Randall's hit scored Engle, Belden's hit scored Hartzell and Hoelskoetter's hit scored Helden. The last two runs of the game came in the fourth. With one out, Engle singled and scored on McHale's two-bagger. Hartzell's single scored McHale. Sloux City's opportunity came in one out, Engle singled and scored on Mchale's two-bagger. Hartzell's single scored
McHale. Sloux City's opportunity came in
the sixth. With Baerwald out, Villeman
was given first on a close decision by Wilson, which gave Hoelskoetter an error on
his hurried throw. Sheehan and O'Hara
hit short, filling the bases. Hartzell threw
Villeman out at the plate on Weed's drive
and Engle rose to the occasion, fanning

Manske Riddles the Batting Order
and Sinks Ten of the Champions Way of Showing
What He Can Do.

In a pitchers' battic, in which McCloskey had one bad inning. Des Moines defeated the Champions at Vinton Street park Saturday afternoon by the score of I to a McCloskey and Manske were the opposing slabmen and honors were about even, each allowing three hits, Manske passing two on wide ones, while McCloskey was not so liberal. McCloskey struck out six of the Underwriters and Manske mowed down diven of the ersiwhile Champions.

The ground was, far too soft for fast work on bases, but then that did not cum much figure, for it was seldom that there was anyone on the base to attempt to steal, Omaha having four left on base and structs.

AVERAGES OF THE OMARA TEAM

in the Records for the Season.

Last week's mishaps may be traced in the individual records of the players. Johnny Gonding accumulated his second error of the season while playing first base at Denver; Buck Theil grabbed one while playing short; Hobby Carter got a couple, and both were hard to take; Bill Schipke and Joe Dolan each made one in every game played out west during the week, and so it went. Martin is the only man on the team who is playing the comfortable, steady game, and his work is certainly a rest for the eye. Just now it's a case of overanxious with the Omake good and break the run of bad luck; and so is just a little too eager. Once the team does get into its winning stride the old-time glory will shine again. Only thirty-eight games have been played, one a tie, which means that more than two-thirds of the schedule yet remains, and this will afford Omaha ample time to redeem the disasters of the early read of the vesseon. Look at the way Buck. in the Records for the Season. remains, and this will afford Omaha ampletime to redeem the disasters of the early part of the season. Look at the way Buck Theil is batting now if you don't think there's a chance. Buck made seven hits out of eighteen times up during the week, and that is just about all that ought to be asked of him. When he gets to swinging on them with that regularity the rest of the bunch isn't going to linger long. Here are the figures for the season up to date:

ST. JOE WILL SEND UP TWO BOATS Lotus Club Unable to Pick the Chal-

Letus Clab Unable to Pick the Challenger on Lake Contrary.

Unable to decide upon a challenger at home the Lotus Yach club of St. Joseph is planning to send two boats to Council Bluffs for the coming races. The final trials last week on Lake Contrary, consisting of three races, were won by the Togo, designed and built by Captain Robbins of St. Joseph for W. T. VanBrunt. In order to coach the other boat in its work Mr. Amundson, the builder of the Contrary, came down from White Bear, Minn. Aithough the Togo took the first race the resuly might have been different if the Contrary, in shaking out a reef, had not badly torn its mainsail. In the second race the Togo was disqualified for taking a pump aboard from another boat, but finished nearly a minute ahead of the Contrary, to whom the race was awarded. The third race was very close and exciting, but the conditions were unfavorable, and the Togo, catching some stray wind, passed its rival on the last leg and crossed thirty seconds sooner.

In the event that both boats come up from St. Joseph there will be a series of trials between them on Manawa, as the conditions on this lake, owing to its peculiar shape, are quite different from those on Lake Contrary. The crew of each boat feels confident that theirs is the faster, and it is quite obvious that the trials were unsatisfactory from a racing point of view. With the boats will come the following crews: Robbins, VanBrunt, Northwood and Burns of the Togo, and with the Contrary Johnson, Webb. Platte and Stuppy.

Although the racing committee of the lenger on Lake Contrary.

Contrary Johnson, Webb. Platte and Stuppy.

Although the racing committee of the Council Bluffs Racing association has not decided upon the defender of the cup, it is believed its decision will be made tonight after the trials today. The Priscilla thus far has won the official races, and unless the Argo manages to take the remainder it looks as though the Priscilla would be chosen.

DERBY DAY AT ST. LOUIS Uncle Charley Wins the Classic Stake

by Ten Lengths.

ST. Louis. Mo., June 10.—This was Derby day at the fair grounds and a crowd that fairly filled the grandstand witnessed the old classic, which was won by E. E. Smathers bay colt. Uncle Charles, at 3 to 8, quite easily, by ten lengths. Benighted, at 11 to 5, was second, and Pinkerton, coupled in the betting with Ed Sheridan at 7 to 1, came third. The total value of the stake was \$13.35, of which the winner received \$10.85, Uncle Charley was a strong favorite and he was heavily played. As the barrier went up it appeared as though Uncle Charley was left at the post. He got a way absolutely last Pinkerton showed the way for a mile with Uncle Charley gaining gradually, and as the stretch was reached dashed to the front and increasing the distance and the field, passed under the wire ten lengths in front of Benighted, who finished a length shead of Pinkerton. by Ten Lengths.

KANSAS CITY, Mo., June 10 .- (Special Telegram.)-Under threatening skies and before a small crowd, the Kansas City Athletic club demonstrated its prowess in an impressive manner this afternoon by winning the western American Athlette union track meet, held here under the auspices of the Athletic club. The score of 50% points for the local team, 43% for Nebraska and 4114 for the Missouri Athletic club of St. Louis, shows the closeness of the contest, which was undecided

of the 56-pound weight. Eight records out of the fifteen events scheduled were broken. Of these the Kan-

until Wienecke of the Athletics broke his

record of the year before in the throwing

record in the pole vault, at 11 feet 5 inches This remarkable feat was accomplished by Hagensick of Nebraska, who distanced his competitors at 11 feet, but who afterward went six inches better in an effort to place the record out of reach for years to come. Another impressive performance was the breaking of the broad jump record by Warner of the Missouri Athletic club. At his first trial he made a leap of 21 feet 3 inches, which is seven inches over the western American Athletic union record. His final mark was Il feet B4 inches.

From a spectacular standpoint the feature of the meet was the finish in the two-mile race, which was so close between States of Nebraska and Balley of the local team, that the judges had difficulty in separating them. Results:

FIGURING FOR FALL FOOT BALL

Man for Bender's Shoes.

LINCOLN. June 10.—(Special.)—Track athletics and base ball have not detracted from the keen interest in foot ball at the University of Nebraska, and the approach of the close of the school year finds players and students discussing and figuring upon Nebraska's chances for the coming gridiron season with as much avidity as if the warriors who wear the moleakins were in readiness to go upon the field.

The contributing causes to this condition are varied. First of all, perhaps, is the formidable schedule which the Nebraska athletic authorities have arranged for the season of 1995, and which includes games with four state universities. Michigan, Minnesota, Illinois and Colorado, three of them admitted topnotchers in the arena of college foot ball. The inauguration of spring practice, the probable return of at least seven veteran players and the announcement that a training camp is to be established during the last two weeks of August, with Assistant Coach Westover in charge, have also served to fan the flames of the foot ball spirit almost to a fever heat.

of the foot ball spirit almost to a fever heat.
Captain Borg is highly gleeful over the Cornhuskers' prospects. He has piedges from seven veterans that they will return to Booth's fold next fall, and in addition the spiendid schedule promises to attract the greatest array of freshman talent in the university's athletic history. Scores of prep. and high school players from at least a half dozen western states have written to Borg, declaring their resolution to enroll at Nebraska noxt September and study gridiron tactics under Booth.

A glance at the roster of veterans shows that Booth will start the senson with the following old heads: Captain Borg, center; Barta, guard; Cotton, tackle: Benedict and Johnson, ends: Weller and Eager, backs. In addition to this array there are several subs from last year who must be taken into account. Densow at end gave such promise that he is a strong candidate for a regular position, which would permit the shifting of Benedict to halfoack or quarter. Birkner was a strong sub half last season and Borg is confident the youngster will show 'varsity form the coming year.'

The graduation of Bender, Nebraska's

or quarter. Birkner was a strong suc haif iast season and Borg is confident the youngster will show varsity form the combinate state of the youngster will show varsity form the combining year.

The graduation of Bender, Nebraska's sensational quarter and halfback for several years, will leave a gap hard to fill, but Borg has in prospect a player of exceptional ability, who graduates from a prep, school and has signified his intention of enrolling at Nebraska. Borg has seen the youngster in action, and he declares the new man is fully as adept at dodging or running as Bender and that he will surely show sensational form. Borg, however, is not mentioning names, as he thinks silence will stand him in hand as this silence will stand him in hand as maimed in the lows game last year, his, knee being so severely twisted that he was maimed in the lows game last year, his, knee being so severely twisted that he was maimed in the lows game last year, his, knee being so severely twisted that he was threatened with permanent injury. Recently, however, he placed himself under the care of an osteopath, with the result that he was soon on the mend and was able to get into the soring practice and will out the first honors and the gold medal in the punting contest. Benedict has been a brilliant player almost from the day that he first put on a Cornhusker suit, and his return next season for his final year of foot ball should find him better able than ever to battle under the banner of Booth. Benedict may play end, quarters of half, but the punting contest. Oldsmobile Standard 7 h. p. Runabout

If there is any possible way to improve this new and improved Oldsmobile Standard Runabout, we don't know it. It represents all we have learned in 20 years about runabout building. It has power, durability, comfort and beauty-with an Oldsmobile motor that has no equal.

It stands, in our opinion, as the perfect runabout, because it is built in a way we know an automobile should be to stand hard daily use for the city or country-good roads or bad. See this car-try it-examine it-there isn't the slightest question that

anyone who will be influenced in purchasing a car by merit, by superiority point by point over any other, will buy an Oldsmobile-\$650.00, f. o. b. factory. Lamps and horn included. The new flexible springs make it as comfortable as a Touring Car. New ratchet differential brake; new hub brakes lined with camel's hair belting; new circulating pump; starting relief at side of seat; priming cup is added for coid weather; piston pin is bigger and four piston rings instead of three; automatic oiling system; improved clutches—in fact every little thing strengthened and improved to make the car "simply perfect."

Any runabout that can cross the American continent will do any work you can ask of it. Send for catalogue showing the Oldsmobile line:
